Outreach is the key! Join us for our LIVE Pathfinder Outreach Workshop in Houston and learn more about helping others and letting the medical community know what our families need! Whether you're interested in one-to-one family support, or hope to launch and maintain a local/regional support network in your area, this workshop is for YOU!

Then, join us for some family fun! Be sure to let us know you'll be attending our Family Outreach Event. Even if you can't join us for the Pathfinder workshop, we'd love to meet you in the afternoon at Hermann Park!

Supporting the cleft/craniofacial community around the country and the world, the Pathfinder program is designed to meet the needs of both informal and formal organizations, as well as individual volunteers, and the families they serve.
